WORK EXPERIENCE

DATA ARCHITECT • ABG BSC LTD • 2022 – PRESENT
AWS data lake architectural optimisation, data modelling deliveries and supervision, coordination between development streams.

DATA ENGINEER MANAGER • ABG BSC LTD • 2019 – 2021
Through the strategic initiatives with my team we develop the global data lake of ABG on AWS cloud platform using big data services and tools. I am managing a team of 5-6 permanent data engineers and a varying set of consultant resources.

LEAD DWH DEVELOPER • ABG BSC LTD • 2015 – 2018
I have had the role of tech lead for the regional (EMEA) data warehouse. We have integrated several source system and business domain data having a massive user community and robust ad hoc analytics and BI reporting.

BI DEVELOPER (SENIOR) • ABG BSC LTD • 2008 – 2015
Joining ABG as a BI developer, evolving to senior over time I participated in several successful projects on operational reporting, data marts, and financial planning and controlling data solutions.

BUSINESS ANALYST, DEVELOPER • MILTEN LTD • 2005 – 2008
I had a role of consultant business analyst, junior developer working on MIS, data mart, DWH and controlling, reporting applications, data migration projects in finance sector: BNP Paribas (Branch of Hungary), Credigen Bank cPlc, ING Bank cPlc, Erste Bank Plc.

EDUCATION

FINANCE (ECONOMINCS) MSc | 2005 | BKÁE (Corvinus)
Three years advanced methodology program, finishing with finance master and decision-making support minor degree.

EU SCHOLARSHIP | 2004 | UNIVERSITY MAASTRICHT
Economics study, one semester “problem-based learning”.

CERTIFIED ACCOUNTANT | 2003 | BKÁE
Four semester accounting program with comprehensive exam.
