## WORK EXPERIENCE

### DATA PRINCIPAL • ABG BSC LTD • 2023 – PRESENT

Overall supervisor for AWS data lake and legacy BI solutions for EMEA region, consolidating and optimising the analytics portfolio.

### DATA ARCHITECT • ABG BSC LTD • 2022 – 2023

AWS data lake architectural ownership, data modelling deliveries and technical lead role, coordination between development streams.

### DATA ENGINEER MANAGER • ABG BSC LTD • 2019 – 2021

My team had been developing the foundations of the global data lake of ABG on AWS cloud platform using big data services and tools. I was managing a team of 5-6 permanent data engineers and a varying set of consultant resources.

### LEAD DWH DEVELOPER • ABG BSC LTD • 2015 – 2018

I have had the role of tech lead for the regional (EMEA) data warehouse. We have integrated several source system and business domain data having a massive user community and robust ad hoc analytics and BI reporting.

### BI DEVELOPER (SENIOR) • ABG BSC LTD • 2008 – 2015

Joining ABG as a BI developer, evolving to senior over time I participated in several successful projects on operational reporting, data marts, and financial planning, controlling data solutions.

### BUSINESS ANALYST, DEVELOPER • MILTEN LTD • 2005 – 2008

I had a role of consultant business analyst, junior developer working on MIS, data mart, DWH and controlling, reporting applications, data migration projects in finance sector: BNP Paribas (Branch of Hungary), Credigen Bank cPlc, ING Bank cPlc, Erste Bank Plc.

## EDUCATION

### FINANCE (ECONOMINCS) MSc | 2005 | BKÁE (Corvinus) (HU)

Three years advanced methodology program, finishing with finance master and decision-making support minor degree.

### EU SCHOLARSHIP | 2004 | UNIVERSITY MAASTRICHT (NL)

Economics study, one semester “problem-based learning”.

### CERTIFIED ACCOUNTANT | 2003 | BKÁE (HU)

Four semester accounting program with comprehensive exam.
